Who is Judit?

I design clear, user-focused digital experiences that balance usability, creativity, and business goals. With a background in finance and digital marketing, I approach UX/UI and web design with an analytical yet creative mindset, turning complex ideas into simple, intuitive solutions. I'm driven by creating meaningful digital experiences that are easy to use and genuinely helpful.

Work Experience

2026 - 2025

Freelancer
UX/UI · Web designer
I've worked on client websites creating clear, user-focused designs tailored to each goals. I'm comfortable managing the full process from concept to launch and I'm ready to take on new projects.

2025 - 2019

Generalitat de Catalunya
· Institute of Agrifood Research and Technology (IRTA)
· Agency for Management of Uni Grants and Research (AGAUR)
· Catalan Youth Agency (ACJ)

Treasury Accountant
I managed daily treasury and cash flow operations, performed bank reconciliations, and supported audit processes. I worked with SAP for financial management and reporting, ensuring accurate financial data and supporting timely financial reporting.

2021 - 2020

INUA Moviment
Marketing Creative (freelancing)
I designed visual assets and templates for social media and email marketing campaigns, ensuring consistent and engaging brand communication. I also supported organic, SEO and SEM campaigns.

2019 - 2016

Websays, SL
Community Manager & Marketing Specialist
I managed content for blogs and social media, developed email marketing campaigns, and created SEO and SEM campaigns. I also handled data reporting and analytics to track performance, optimize strategies, and improve overall digital marketing results.
